Customer Success Story

Global GRC Tech Leader

Explore How Altumind Transformed a Global GRC Tech Leader's Digital Presence into an Industry Powerhouse.

Industry:
Governance, Risk, and Compliance (GRC)

Solution:
Digital Platform Optimization

Client Overview

This global GRC technology leader stands at the forefront of governance, risk management, and compliance (GRC) innovation, empowering organizations to transform risk into a strategic advantage. As a recognized leader in leading industry analyst evaluations and rankings, its integrated platform helps global enterprises navigate today's volatile business landscape. Its mission to harness risk for responsible growth has become increasingly critical as organizations face hybrid work challenges, supply chain disruptions, and evolving regulatory demands. Recognizing the shift of GRC from back-office to boardroom, the company partnered with Altumind to elevate its digital presence to match its innovative solutions and market leadership.

Quick Facts

70% SEO Score Improvement

2X Faster Page Load Times

35% Increase in user engagement

Challenges

As a GRC industry leader helping Fortune 500 companies manage risk, the company's digital platform needed to reflect its market excellence. However, its website was falling short on multiple fronts: slow loading speeds frustrated users across devices, poor SEO visibility limited market reach, and an aging tech stack hindered platform scalability. Most critically, for a company trusted with enterprise risk management, its digital security infrastructure demanded modernization to match its premium market positioning.

Our Solution

The client partnered with Altumind to elevate its digital presence to match its innovative solutions and market leadership. We developed a comprehensive solution that transformed its digital presence through strategic optimization and security enhancement. Our approach focused on creating a high-performance, secure platform that would effectively showcase its GRC leadership.

Key Enhancements:

- **Deep Performance Optimization:**
  Perfect 100% SEO score achievement.
- **Core Web Vitals Enhancement:**
  Optimized LCP, CLS, and INP metrics.
- **Security Fortification:**
  Robust protection for valuable data.
- **Application Modernization:**
  Updated 15 applications with latest code.
- **Custom GRC Survey Application:**
  Specialized tool for compliance surveys.
- **Collaborative Server Management:**
  Optimized server performance.
- **SEO Optimization:**
  Increased SEMrush score from 57% to 97%.

The Implementation Journey

Altumind transformed the client's digital platform through a strategic three-phase approach. First, we conducted deep performance analysis to identify critical bottlenecks across its Drupal infrastructure. Next, we modernized the entire tech stack, upgrading 15+ legacy applications and implementing robust security measures. Finally, we optimized the platform using AWS and Acquia Cloud infrastructure, ensuring seamless performance across all devices. Our full-stack expertise enabled us to deliver a secure, high-performance platform that truly reflected the client's market leadership.

Key Transformative Solutions Delivered by Altumind

- Enterprise Performance Architecture & Optimization
- Advanced Threat Defense Systems
- Custom GRC application development
- Full-stack technical modernization
- SEO and visibility enhancement
- Optimized cloud-native server infrastructure

Results

The Altumind partnership has delivered exceptional results across all key metrics. The transformation delivered remarkable results: the client's digital presence now matches its industry leadership. The platform achieved a 95%+ Google PageSpeed score, doubled its performance speed, and significantly improved user engagement. Beyond metrics, the enhanced platform now effectively showcases its GRC solutions, making complex offerings easily accessible to enterprise clients. This digital foundation positions the company for continued market leadership, equipped with a scalable, secure platform that can evolve with future business needs.

67% Improvement in risk reporting visibility and efficiency for the executive management and board

Empowering Businesses with Digital Innovation & Human-Centric Solutions
